

## Influenza vaccine by WellSouth for pharmacies

PHARMAC are not funding flu vaccine for 55-64 year old Māori and Pasifika who do not have eligible conditions. See the eligibility details here [Pharmac eligibility criteria](#).

WellSouth is bridging the gap to ensure all 55-64 year old Māori and Pasifika are able to get a fully funded flu vaccine at their GP or pharmacy.

It is very important that you select the right funding stream when claiming the vaccine.

If your Māori and Pasifika patient aged 55-64 years old does not meet any of the Pharmac eligibility criteria, you may claim via the WellSouth PHN portal.

To enable this, we have put the programme under a “custom programme” category.

You will for the first time have visibility to all our custom programmes on the portal. Please only select the ‘new influenza vaccine’ (see below). Claims in any other Custom Programme category will be removed by WellSouth.

Custom Programmes		
	<a href="#">New Diabetes Medication Transition - Initial Consult Claim</a>	Patient must meet eligibility criteria ?
	<a href="#">New Diabetes Medication Transition- Follow-up Package Claim</a>	Patient must meet eligibility criteria ?
	<a href="#">New DUDAC-only Southern Urgent Lab Results Claim</a>	Patient must meet eligibility criteria ?
	<a href="#">New Influenza vaccine- Maori &amp; Pasifika 55-64 years Claim</a>	Patient must meet eligibility criteria ?

We’ve had to move fast to make this happen. We feel this is important for our community and want to thank you in advance for providing this vaccine free of charge to 55-64 year old Māori and Pasifika, and for selecting the right claiming pathway.
