

# COVID-19 Vaccine Passport

COVID-19 Vaccine Passport programme available to practices for printing vaccination passports on behalf of the patient.

This programme is available to practices for the printing of vaccination passports on behalf of patients who are unable to do this themselves

## Process:

Complete the process of generating a vaccine passport via CIR and print a copy for the patient.

- Print on behalf of the patient
- Only 2 vaccination passport claims can be made per person. *(If required: one after receiving 2nd dose and another after receiving the booster)*
- Multiple claims cannot be sent for the same patient for the same day

## Claiming:

- Claiming is via the WellSouth PHN portal under COVID-19
