

Extended Primary Care

A programme by **WellSouth**

Last updated: 29/08/2024

Intended Purpose

This programme enables patients to be treated by their general practice for acute presentations where they would otherwise need to be treated in hospital. This reduces financial burden to the patient, who is only charged for the initial consult. It keeps care closer to home, and in many instances will offer more timely treatment. This programme replaces most of the previous POAC funded programmes, and is available until 30 June 2025.

HealthPathways Link: See relevant HealthPathways page for the primary presenting concern:
<https://southern.communityhealthpathways.org/>

Eligibility

General practices will be able to claim for providing a package of care (POC):

- To patients with an acute condition, who without support would otherwise be referred acutely to hospital (**Acute Care**). Available to all practices.
- For rural practices providing prolonged clinical care and observation for patients waiting on a hospital transfer (**Rural Stabilisation**).
- There is no age restriction.
- See over for presenting concerns.

Exclusions

- Unstable patients (except for rural stabilisation)
- ACC claimable services
- Patients not eligible for NZ healthcare funding
- Patients requiring non-urgent investigations
- Services already contracted for e.g maternity services
- Claims for treating cellulitis with IV antibiotics (see Page 2)

Key Information

- You may claim for patients who are not enrolled with your practice, at your discretion. You acknowledge in making a claim that no additional funding is available for this.
- No additional amount will be paid for after-hours service delivery.
- You can claim for time spent actively treating or observing the patient. Not for the entire time the patient was in the practice.

Acute Care

- Claims can be made for up to 90 minutes for each role involved in providing the POC (GP/NP, Nurse, non-clinical). Applies to initial claims and follow ups.
- Can claim for follow up within 5 days of initial POC for same presenting condition.

Rural Stabilisation

- Claims can be made for up to 3 hrs for nurse or non-clinical time.
- Maximum GP/NP time claimable remains 90 minutes.
- No follow up for Rural Stabilisation.
