

HPV Primary Screening

A programme by **WellSouth**

Version 3

Last Updated: 10/04/2024

Intended Purpose

HPV primary screening will reduce barriers to uptake and increase screening in priority groups to reduce mortality rates in our communities. This programme allows for practices to claim for eligible patients to have a HPV swab or speculum test.

HealthPathways Link: <https://southern.communityhealthpathways.org/20461.htm>

Eligibility

Patients who are eligible for funded screening are:

- a) Wāhine/women or person with a cervix aged 25 to 69 years who are Māori, Pacific, or CSC (community services card) holders and require a routine screen.
- b) All Wāhine/women and people with a cervix who are unscreened (have never been screened)/ or under-screened (haven't had a cytology test in the past 5 years) aged 30-74 years.
- c) Anyone requiring follow up. Please see overleaf for detailed breakdown of eligibility criteria.

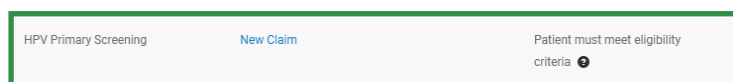

Claims for non-eligible patients will not be paid– please check before offering a free screen.

Audit

Claims may be subject to Audit at WellSouth discretion.

Claiming

Claiming is via the WellSouth PHN portal.
