Overview – tirohaka

WellSouth Primary Health Network (PHO) has responsibility for the provision of primary health services to approximately 300,000 enrolled patients in Otago and Southland, and contracts with Southern DHB and a number of other health funders. WellSouth is constituted as a charitable trust with a Board of 10 Trustees.

WellSouth works with health care clinicians, health care providers, Iwi and local communities to:

- Coordinate the delivery of regionally consistent high value primary care health services care across Otago and Southland that deliver real benefits to patients and the community through a range of evidence based and clinically proven health programmes.
- Improve access to primary health care for the community.
- Encourage people to take responsibility for their own health.
- Provide education and development for practice staff

Southern Primary and Community Care Strategy

The overarching vision is for better health, better lives, Whānau Ora. The vision for primary and community care is excellent primary and community care that empowers people in our diverse communities to live well, stay well, get well and die well, through integrated ways of working, rapid learning and effective use of technology.

Success will mean our population has equitable access to primary and community care and specialist support when needed. Our consumers, whanau and communities know how to live well, and are actively participating in caring for themselves and others.

Position Description
