

## eReferral form for Vietnam War veterans

**HealthLink** and **Veterans' Affairs New Zealand** are pleased to introduce a new eReferral form that makes it easier and faster for you to complete the Annual Medical Assessment (AMA) for Vietnam veterans. This fully funded assessment helps monitor and support the long-term health of veterans exposed to service-related risks.

The new digital process replaces the previous paper-based system, allowing you to submit the AMA securely and efficiently through the HealthLink Hub.

### How to send a Vietnam Veterans Annual Medical Assessment eReferral

The Veterans Affairs Annual Medical Assessment eReferral is located on the HealthLink Hub page under the Referred Services Section.

This eReferral is available to GPs nationwide.

- Open the patient record
- Select the HL Icon to access the HealthLink Hub page
- Click on service – Veterans Affairs – Vietnam Veterans AMA to launch the form.

### Evolution – located in the patient tab:

### Referred Services

Freedom Medical Alarm New Zealand Familial Gastrointestinal Cancer Service Referral NZ Female Pelvic Mesh Service (Southern hub) Veterans Affairs – Vietnam Veterans AMA	Immunisation Advisory Centre NZ Female Pelvic Mesh Service (Northern hub) St John Medical Alarm Service
---	---

### Indici – located in the patient consult screen:

### Referred Services

Freedom Medical Alarm New Zealand Familial Gastrointestinal Cancer Service Referral NZ Female Pelvic Mesh Service (Southern hub) Veterans Affairs – Vietnam Veterans AMA	Immunisation Advisory Centre NZ Female Pelvic Mesh Service (Northern hub) St John Medical Alarm Service
---	---

Thank you for your continued support in caring for our veterans.
